Mosquitoes

Due to an increased concern with mosquito-borne illnesses, especially concerns regarding the Zika virus, Orange County suggests that all residents take the following measures:

1. Please remove any standing water near your home or any containers where mosquitoes may multiply.
2. When outdoors apply mosquito repellant with DEET. Also, you may want to wear long sleeves, socks, and pants outdoors for extra protection.
3. Keep your doors and windows closed. If you open your windows, ensure that all windows have screens.

If you have any additional questions, please visit the Orange County website: www.ocfl.net/Zika.

Noise Issues

Please Be Respectful of Your Neighbors

Please be aware that Orange County Sheriff's Office does not have any set time for enforcing noise complaints. The Disturbance of the Peace Statute is enforceable any time of the night or day. If a resident feels that his or her peace is being disturbed, all he or she has to do is call the Sheriff's Department to file a complaint. Once that is done, the Orange County Sheriff's Department will send an officer to request that the responsible party tone down their gathering. If a second request is made concerning the same disturbance, the responding officer may arrest the responsible party. Please be considerate and respectful of your neighbors so that the Sheriff's Department is not needed to handle these types of situations. The Board is requesting all residents to move parties inside after 11 PM to help with these noise issues. We greatly appreciate your cooperation in this matter.

Orange County Bulk Pick Up Instructions

Under the Orange County Curbside Collection program, garbage, recycling, and yard waste are each picked up **only one time per week**.

Per the documents of your community, we are asking that you please do not place these carts outside your home in view from the street on days when you do not have a scheduled pick-up. Please keep them inside your garage, behind your fence, or behind your home.

In addition, if you have any large items that need to be picked up that will not fit in the new garbage bin, please contact the County to arrange pick-up. **Do not place bulk items in the street or in your driveway.** You must email or call the county at: Solid.Waste@ocfl.net (include your name, street address, contact information, and the item(s) that you want collected) or call the Solid Waste Hotline at 407-836-6601 to arrange for pickup. Large items include furniture, appliances, mattresses, automobile tires (limit 4), and rear-projection televisions. Limit large items to three cubic yards (about one small pickup truckload) per household per week.

If you have any questions or concerns regarding this garbage collection program, please contact the Orange County Solid Waste Department. You may reach them by email at Solid.Waste@ocfl.net or by phone at 407-836-6601.

Detoxifying Salt Soak Formula

Inspired by Home Enlightenment, by Annie B. Bond

This marvelous soak relaxes muscles, draws toxins from the body, and contains a natural sedative to help your nervous system relax and unwind. It is also a natural emollient and exfoliant—and it reduces swelling. All this in one simple formula!

You may want to keep some of this magic mixture on hand. Try it here:

INGREDIENTS

- 1 cup sea salt
- 2 cups baking soda
- 1 cup Epsom salts
- 1 to 2 tablespoons pure vegetable glycerin per bath (available from your local health food store)
- 4 to 6 drops essential oil per bath (lavender, sandalwood, or ylang ylang would be nice choices)

1. Combine the dry ingredients in a bowl, stirring to blend. Add 1/4 cup to your bath while the tub fills.

2. Add the glycerin to the bath to prevent drying (feel free to use less if your skin is oily, or more if your skin is dry) and the drops of essential oil.

3. The dry mixture will keep indefinitely in a glass jar with a screw lid. Makes 4 cups (enough for 16 baths).

Ouch! Could you pass the Honey?

The next time mom tries to treat your burn with butter, ask for a dab of honey instead. The science is on your side and you'll be more likely to avoid a nasty infection. Several new studies have concluded that burns treated with honey and wrapped with gauze healed faster on average than burns treated with antibiotic creams. It appears the sweet stuff contains antibacterial and anti-inflammatory properties that may promote healing.
