

Willowbrook at Meadow Woods

FEBRUARY 2021 NEWSLETTER

Assessment Reminder

Please remember that your **annual assessment of \$260.00 was due on January 1, 2021**. The Board provided you with an extension from the normal 10-day grace period. However, all payments were due on January 1st, and any payments received after January 31st has incurred the \$25.00 late fee.

If you haven't made your Association payment yet, please contact the management office to obtain your account balance or login into your Owner's Platform.

We appreciate your cooperation in this matter.

Payment Plan Options

If you are experiencing financial difficulties or job loss due to COVID-19, please contact our office to set-up a payment plan.

It is very important that you contact us to discuss this matter. We cannot set-up a payment plan if we are not aware of your financial situation.

If you have any other questions or concerns regarding your account balance, please feel free to contact the management office at 407-251-2200 or at info@dwdpm.com.

Please Remove Holiday Lights and Decorations

Sadly, the holiday season is now over and it is time to remove all holiday lights and decorations. Therefore, please remove your lights and holiday decorations by this weekend if you have not done so already. Thank you for your cooperation in this matter.

Please direct all concerns to the management company. For ARB requests, please go to the Association's website, www.willowbrookatmeadowwoods.com. Click on "Resident Services" then "Online Forms." Fill out and submit the form prior to making any exterior modifications to your home.

Speed Bump Petition - Brook Hollow Drive

Due to speeding and traffic issues within the community, we have received feedback from several homeowners that they would like speed bumps installed on Brook Hollow Drive. The County has provided the Association with the following procedures for completing this project. These procedures are also explained in more detail on page 4 of the newsletter.

The first step is to obtain signatures from those residents (owners or tenants) who live on Brook Hollow Drive. Please see the petition page shown below. If we obtain 66% or more of the residents' signatures who live on Brook Hollow Drive, the County will move forward with the second step in the process - the traffic study.

If the traffic study results in data favorable to the speed bumps, the County would then hold a public hearing to discuss the issue and to obtain input from the residents. The cost of the speed bumps would also be discussed at this meeting.

If the results from the public hearing are favorable based on the residents in attendance, then the County will send ballots to all of the residents within the community to vote on the installation. Again, the County must have at least 66% or more residents approve the speed bumps before they will proceed.

From there, the Orange County Commissioners have to approve the installation before they are finally installed.

While this is a lengthy process, we do believe it will be beneficial to the community and will reduce speeding.

Therefore, if you agree that speed bumps will be beneficial and you live on Brook Hollow Drive, we ask that you sign and return the petition on page 3. If you would like our office to mail you a copy of the petition, please contact us at 407-251-2200 or info@dwdpm.com.

We the undersigned owners and residents of Willowbrook at Meadow Woods HOA hereby offer our support for our neighborhood's participation in the Neighborhood Traffic Project Program. We understand that by signing this petition, we are supporting participation in a planning process which requires a public meeting in order to proceed, and not committing to a specific traffic mitigation device(s) or plan.

TRAFFIC ENGINEERING DIVISION

Revised 3/2018

Orange
County
Answers

FACT Sheet

Provided as a Community Service of Orange County Public Works Department • 4200 S. John Young Parkway • Orlando, Florida 32839

What Is The Speed Hump Program?

In 1994, the Orange County Board of County Commissioners approved the placement of speed humps in residential areas. Speed humps are used as an effective tool in relieving the speeding problems found with a neighborhood.

The County Speed Hump Program creates a mechanism by which concerned citizens can fund the installation of speed humps by establishing a Municipal Service Benefit Unit (MSBU) which is assessed to those property owners who directly benefit from the installation of the speed humps.

The petition is available at the Traffic Engineering Web Page located under Orange County Public Works.

2. Upon receipt of the petition, the Traffic Engineering Division will conduct a traffic study to determine if traffic conditions support the installation of speed humps.

3. If traffic conditions support the installation of speed humps, a

public information meeting will be held to present the results of the traffic study, provide a preliminary design and cost estimates, and to give the affected residents an opportunity to provide input.

4. If the response from residents at the public information meeting is generally favorable, ballots will be mailed to each benefiting property owner within Orange County to vote "for" or "against" the establishment of a Municipal Service Benefit Unit (MSBU) to fund the installation of speed humps. The MSBU would be a one-time tax assessment to property owners located on the roadways where speed humps are proposed. The amount of the assessment is determined by dividing the total project cost by the number of benefiting Orange County property owners. The total project cost is based on the current price of a speed hump plus minimal administrative costs.

5. If 66% of the returned ballots are in favor of the speed hump installation, the MSBU will be scheduled for a public hearing before the Board of County Commissioners. The Board of County Commissioners will make the final decision on the establishment of the MSBU.

6. If the Board of County Commissioners approves the MSBU, Public Works will schedule the speed humps for installation.

For more information, call the Orange County Public Works Traffic Engineering Division at 407-836-7890. 📞

What is a Speed Hump?

Speed humps are raised asphalt platforms that do not exceed three inches in height and are approximately 12 feet long. The County will install speed hump signs at the entrance of the neighborhood to alert drivers of their presence.

Is Your Neighborhood Eligible?

The County will work with your neighborhood to install speed humps if the following criteria are met:

- Request for a speed hump is for a local residential street with a minimum average daily traffic count of 800 vehicles/day and a maximum of 3,000 vehicles per day.
- Street has a posted speed limited of 30 mph or less.
- The street has an observed 85th percentile speed greater than 30 mph.
- The street has a maximum width of 24 feet.

How Does a Citizen Request Speed Humps?

1. Residents should submit a petition to the Traffic Engineering Division, signed by at least 66% of the homeowners or residents within a subdivision or along a particular roadway.

2021 Budget Requests

If you are interested in obtaining the 2021 Budget for your community, please feel free to review the document on the community website using the following link: <http://www.willowbrookatmeadowwoods.com/budget.html>. You may also contact the management office to obtain a copy via email or regular mail.

Corona Virus (COVID-19) Update

The state of Florida is now in the third phase of reopening. Per the advice of the Association's attorney, the Association is still required to follow CDC guidelines and Orange County ordinances in Phase 3. Based on the attorney's advice and the need to follow these guidelines and ordinances, the Board has decided to continue with the following safety procedures as outlined below:

1) Office Visits – By Appointment Only: **If you must stop by the management office in person, you will be required to make an appointment first so the staff can ensure proper social distancing.** We will also require that you wear a mask or covering over your nose and mouth while visiting the office. Please contact the office at 407-251-2200 to make an appointment if needed. We encourage all residents to use the online portal or to conduct business via phone or email when possible.

2) Board Meetings: The Board will continue to conduct all business via telephone or video-conference at this time.

We appreciate your cooperation and understanding in this matter. We will continue to monitor the situation at the local, state, and federal level and will provide updates to you as needed. We encourage all of our residents to follow the recommendations from the Center for Disease Control (CDC) and the Florida Department of Health regarding COVID-19 in order to limit the spread of the disease and to keep your family and neighbors safe.

Please use the following links to the websites for the CDC and the Florida Department of Health.

Center for Disease Control: <https://www.cdc.gov/coronavirus/2019-nCoV/index.html>

Florida Department of Health: <http://www.floridahealth.gov/> or call the COVID-19 Hotline if you have questions at 866-779-6121.

If you have any questions or concerns, please contact our office by phone at 407-251-2200 or by email at info@dwdpm.com. We wish all of our residents well during this difficult time. Take care, and stay safe.

Owner Access Platform

Please be advised that you may utilize an online owner access portal where you may login to manage your account and access community documents. With your Internet-enabled device, you are able to view your current account balance, check your payment history, view your open records and more!

To ensure your privacy, only homeowners whose email address is on file have already received a registration email. **If you have not already provided your email, please email your information to info@dwdpm.com** and include your community name, address within the community, and the email address you want on file. This extra step is designed for the safety of your personal information because it allows us to verify each

homeowner. Once your email address has been opted into the system, you will receive an email to register. For security purposes, a return email will be sent to confirm you are the owner of that email account.

If you received the registration email but the time has expired and you are in need of a new registration email, please contact our office by email at info@dwdpm.com with your request. Please make sure to include the email address you want us to use and we process a new registration email for you.

Please check your SPAM folder as it may be filtered automatically. After you click the link in the confirmation email you can create your password and your account will be registered. You will then be able to log into your account using your email address and the password you created when you registered. Please make sure to use Google Chrome which is the preferred web browser for the platform.

We encourage everyone to utilize the new on-line access platform at <https://owner.topssoft.com/DWDProfessionalManagement/Account/Login> in order to review your account balance and obtain information. Please let us know if have not received your invitation to join the platform, and we will help you set-up your account.

Parking Issues

The Board has reported that many people within the community are parking in violation of County ordinances (i.e., parking over sidewalks, parking in the wrong direction, or parking too close to stop signs).

Please be advised that the Association cannot enforce parking laws. The streets within the community belong to the County and only the County can issue citations or tow vehicles from the streets within the community. If you have any questions or concerns regarding this issue, please contact the management company. We also encourage you to contact Orange County to voice your concerns regarding this matter.

Reporting Street Light Outages

If you notice a street light out on your street, please call Duke Energy at 407-629-1010 to report the street name or section where the light is located. You may also visit the following website to report the outage: <https://www.duke-energy.com/customer-service/request-light-repair>. Please contact the management office if you need assistance or if you have any questions.

Parking Regulations – No Parking on the Grass

The Board would like to remind all residents regarding the parking regulations for our community. According to the Association's documents in Article VIII, Section 19, **parking on lawns is prohibited**. The Board requests that all residents follow these regulations by parking in your garage or driveway. Thank you for your cooperation and assistance with this matter.

Please Secure Valuable Items

Please make sure your cars are locked at night, and that all valuables that do not have to be in your car are removed on a nightly basis. If you notice anyone suspicious within the community, please call the Orange County Sheriff's Department at (407) 836-4357. Thank you.

Suggested Security Measure

The Board would like to remind residents to turn on front/back patio lights and garage lights as an added security measure each evening. Burglars do not like to be seen, therefore, leaving these lights on at night helps prevent these types of crimes.

Please Pick-up After Your Pets

We understand that many of the residents in our community are pet owners. Owning a pet is a wonderful experience for the "parent" and it brings many joys to you as well. However, having a 4-legged addition to your family also brings many responsibilities. If your new bundle of joy happens to be a dog, then one of the responsibilities is picking up after your pet. When you live in a community you cannot just let your dog out and then close the door. Your pet must be on a leash at all times, and any pet waste **MUST** be picked up and disposed in a waste receptacle. This is not only a community rule; it is an Orange County ordinance as well. Dog waste is a hazardous substance and causes damage to grass and may spread illnesses to others. Thank you for your understanding and cooperation in this matter.

Curbside Collection and Bulk Pick-Up Procedures

Under the Orange County Curbside Collection program, garbage, recycling, and yard waste are each picked up **only one time per week**. The schedule for your community is as follows:

Garbage collection – Tuesday

Yard Waste and Recycling – Wednesday

Per the documents of your community, we are asking that you please do not place these carts outside your home in view from the street on days when you do not have a scheduled pick-up. Please keep them inside your garage, behind your fence, or behind your home. Also, since Christmas Day falls on a Tuesday this year, garbage collection will be on Wednesday next week.

In addition, if you have any large items that need to be picked up that will not fit in the new garbage bin, please contact the County to arrange pick-up. ***Do not place bulk items in the street or in your driveway.*** You must email or call the county at: Solid.Waste@ocfl.net (include your name, street address, contact information, and the item(s) that you want collected) or call the Solid Waste Hotline at 407-836-6601 to arrange for pickup. Large items include furniture, appliances, mattresses, automobile tires (limit 4), and rear-projection televisions. Limit large items to three cubic yards (about one small pickup truckload) per household per week.

If you have any questions or concerns regarding this new garbage collection program, please contact the Orange County Solid Waste Department. You may reach them by email at Solid.Waste@ocfl.net or by phone at 407-836-6601.

Alligator Warning

Please remember this is Florida, and alligators will almost always be present in any body of water. Therefore, please always be aware of your surroundings and do not leave children or pets unattended near the water's edge. Also, please be aware that it is against the law to feed alligators. Feeding alligators reduces their fear of humans, and this may have serious consequences for the people they encounter who do not bring them food. If you see alligators in the area, you may report them to the Florida Fish and Wildlife Conservation Commission at the following number: 866-392-4286. You may also report alligator sightings to the management company so they may contact Florida Fish and Wildlife and provide authorization for the trapper to enter the property. If you have any questions or concerns, please call the management company.

Architectural Change Procedure

It has come to our attention that some homeowners are not familiar with the steps of the Architectural Review process. That is quite understandable. We would like to take this opportunity to help anyone in our community better understand this process.

If you are going to make any changes to the front of your property, including landscaping changes, or if you intend to make any structural changes to your property (i.e., room additions, pools, screened enclosures), then you will need to fill out the Architectural Review Committee (ARC) application.

Please be aware that the Board has established the following architectural guidelines for your community:

Approved Paint Color Schemes:

The Willowbrook at Meadow Woods community has several approved color schemes for painting your homes for your review on the community website. Please use the following link to view these options:

<http://www.willowbrookatmeadowwoods.com/architectural-change-request.html>.

These applications will always be available on your community's website and they are included in this monthly newsletter. Please follow the instructions on the form, and submit all of the required documents for your requested change. When you are submitting an application to the ARC remember to include the following:

1. Two (2) copies of the property survey that show the location of the proposed changed, alteration, renovation or addition.
2. Two (2) drawings of your plan(s).
3. Two (2) copies of color samples, if applicable.

Please note that applications submitted without two (2) copies of the survey, drawing, or color sample will be considered incomplete. If an application is incomplete, it will not be processed and will be returned to you.

If you have any questions, please call us at 407-251-2200, and we will be happy to assist you.

Also note that management does NOT approve or deny any of these requests. We collect the applications and then submit them to the community's Architectural Review Committee (ARC). The ARC is a group of volunteer homeowners who review the applications and approve or deny the applications based on your community's written criteria. Per Florida Statutes, this process may take up to 30 days.

As soon as the Committee makes a decision, we will mail you the letter of approval or denial. Please make sure you do not proceed with any improvements until you have heard from the Committee. I hope this helps everyone understand the Architectural Review process a little better. If this still leaves you with any questions, please feel free to contact our office.

Driveway Maintenance and Tree Trimming

The Board would like to remind residents that driveways should be pressure washed and maintained to ensure they are free of debris, dirt, and oil. Please also pressure wash the sidewalks in front of your home. In addition, the Board would like to remind all residents to trim their trees and remove all dead branches. Trimming and pruning your trees will help eliminate damage to your property in the event of a hurricane or tropical storm. Also, tree branches should be trimmed up to 6 feet so that pedestrians may walk underneath the trees unimpeded on the sidewalks within the community. If you have any questions or concerns regarding these issues, please contact the management office.

SYMPTOMS OF CORONAVIRUS DISEASE 2019

Patients with COVID-19 have experienced mild to severe respiratory illness.

Symptoms* can include

FEVER

COUGH

*Symptoms may appear 2-14 days after exposure.

SHORTNESS OF BREATH

Seek medical advice if you develop symptoms, and have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.
